INVITATION TO THE 3RD INTERNATIONAL ROBOBRAILLE CONFERENCE

Dear Partners and friends,

We would like to invite you to participate in the upcoming RoboBraille Conference. The theme is RoboBraille – promoting Inclusive Education, Accessibility and universal design.

RoboBraille Partners from all parts of Europe will present how they use the service actively in their daily work, projects, research, teaching and service provision. Not only will they share with us their experience but this unique event will facilitate the opportunity to network and learn from other colleagues. And we will have fun too, celebrating at the conference dinner, so bring on your positive attitude and prepare to sing along!

The conference will be held from **Tuesday, October 23rd, 2018 at 2PM to Wednesday, October 24th at 12.00 (noon) followed by lunch – in Bratislava, Slovakia**

The venue is: HOTEL SAFFRON, Radlinského 27, 811 07 Bratislava, Slovenská republika

Preliminary programme on page two of this invite. Confirmed programme will be published soon.

Please register by September 25th to attend the conference. Mail to tanja@sensus.dk
Practical information: Official conference language: English (translation into Czech/ Slovak, simultaneous)

When you register for the conference, please provide information regarding any special requirements (vegetarian/food allergy/other?)

Conference fee and meals are provided free for participants by the RoboBraille Outreach Association. Room and travel is on your own. Should you, however, require financial support for travel expenses and accommodation, we have some limited options available. Please describe when registering.

Best regards,

Ms. Tanja Stevns

Lars Ballieu Christensen
RoboBraille Inventor

Tanja Stevns
International RoboBraille Coordinator
